EQUIPMENT/SERVICE PROVIDERS

The Uniform Code Council does not provide this list as an endorsement of the companies, nor does it necessarily contain the names of all companies providing these services. Every reasonable effort to determine that the resources listed in this document represent actual physical locations with personnel (on-site) to assist potential customers. To this end, we have attempted to list only those headquarters and branch/division offices who could provide customers with local telephone and/or fax contacts. Even where toll-free phone or fax numbers are indicated, it is our intent that they represent local on-site support. The Uniform Code Council, Inc. makes no guarantee, either express or implied, that all entities listed maintain staff or support functions at the address shown.
